SCHOOL BOARD

FAILS TO ELECT

Gets In Parliamentary Wrangle and Adjourns.

Much Other Business Transacted During the Meeting—Pay Rolls and Bills Allowed.

SUPT. LIEB GRANTED VACATION.

A lively meeting of the school board was expected last night but absolutely unruined was the demeanor while the routine business was under consideration, but when the election of teachers came up, the electric sparks of animal combativeness scintillated within a radius of the board, and with the president's chair as the center.

The board adjourned precipitously while a rule on the order of business was in debate. This question was whether it was necessary to make a motion for reconsideration of the unfinished business.

President Williamson called for unfinished business and Mr. Beckenbach suggested that the election of an English teacher be gone into. Mr. Walsworth thought that the election of teachers could not be entered into until a motion to that effect had been carried by a majority of the board, and that the motion must be made by a member who had voted with the majority when the original motion to elect teachers was carried at a called meeting in June, at which time the deadlock over the English position began.

Mr. Beckenbach suggested that as the election of teachers was unfinished business, it was unnecessary to make a motion for reconsideration. Taking section 29 of the rules as authority President Williamson ruled that the election of teachers could not be held until a motion that it be so done was carried. Section 29 says that when a motion for the consideration of business has been carried or lost, it may be reconsidered if a motion to that effect is made by a member who voted in the majority, and if the motion to reconsider is carried. But that the motion to reconsider must be made not later than the next meeting.

It is evident that that section refers to business which has been definitely closed, whether it was closed by the motion to consider being carried or lost.

Mr. Karnes entered the debate at this point and thought that the point made by Mr. Beckenbach was correct.

There appearing to be no outlet to the situation, Mr. Karnes made a motion that the board adjourn. The motion was seconded by Mr. Potter and when put to the house was carried.

A calm examination of the roles after the meeting adjourned showed that all participants in the debate were right in part but none were wholly so. The election of teachers was unfinished business and as such it was unnecessary to make a motion to consider it. In suggesting that a teacher of English be elected, Mr. Beckenbach wanted to take that position as the starting point in the unfinished business. Every member had a right to suggest a starting point but if none could be agreed upon then a vote must be taken to decide that point.

The report of Superintendent of Buildings Fred Hoyer, mentioned that windows had been broken out at the Franklin building with a damage of \$9. Mr. Hoyer knows who did it and has witnesses. The board instructed him to see whether parents of the boys would pay the damage. If not to turn the matter over to Judge Lightfoot in the juvenile court.

Resignations from some of the teachers who have resigned in the last month, to accept positions elsewhere, were accepted.

Janitors for the different buildings were elected with no changes in persons except at the McKinley building where O. P. Powell was elected to succeed Janitor Jones. The salary of janitor at the High school building was raised from \$75 to \$90 a month.

In his report Superintendent Lieb recommended that the rules of the board be gone over and made more explicit before they are printed. He asked the board's pleasure about the Cadet class, in which there would only be two this year, whether it should be continued.

The pay roll for the last month was allowed.

The Bleich bill for keeping clocks in the different buildings in repair, was referred to the finance committee for investigation of the amount of work done and to report back to the board.

was awarded the contract to furnish 250 copies of the rules of order of the board and 2,500 copies of the rules regulating conduct of pupils, for distribution among parents. Their bid was 68 cents a page.

Mechanicsburg school property was ordered sold to trustees of the Christian church for \$1,000; \$700 cash and notes for the balance, for four months. Supt. Lieb and Superintendent of Buildings Hoyer were granted a short vacation.

The minutes of the last meeting were adopted without protest. All members were present.

SYRIAN LEPER

IN A TENT ON SIDE OF A MOUNTAIN.

Awaits An Examination Which May Result In Deportation.

Washington, Aug. 8.—In a tent on a bleak mountain side in Randolph county, W. Va., not far from the town of Elkins, George Rossi, the Syrian leper, about whom there has been so much concern on the part of the health authorities of dozens of cities during the past three weeks is existing without care of any kind.

The people in the vicinity are said to be nearly panic-stricken over the presence of the leper, and the health authorities of the state of West Virginia are threatening the Baltimore & Ohio railroad with all sorts of dire consequences for bringing the diseased man into the state.

The case finally has been brought to the attention of the United States authorities after the afflicted man had been shunted from place to place in several states without being able to find an abiding place where he can have proper care. Orders were issued today that Rossi be examined by a surgeon of the Marine Hospital service and a Syrian interpreter with a view of ascertaining his status in this country.

How he got into the country, at what port, what examination he was subjected to and other inquiries are what the officials want answered. If he should be found to be deportable, no time will be lost in sending him back to his own country.

PADUCAH MAN

ONE OF THE ELIGIBLES FOR MARINE INSPECTORSHIP.

He Stands a Very Good Chance of Securing the Position.

James M. St John, the popular Paducah marine engineer, and Charles T. Greenwood, of Greenville, Miss., are the only eligibles for the vacancies occasioned by the transfer of J. J. Dunn and W. J. McDonald marine inspectors, from Louisville to the St. Louis and Nashville districts.

Mr. St John is a popular engineer and his friends will be pleased to know that he stands a good chance to get one of the jobs. He has run out of Paducah for years and is one of the most efficient men on the rivers.

WORK BEGUN.

Clarksville to Have Largest Snuff Factory in the World.

Clarksville, Tenn., Aug. 8.—The American Snuff company has broken dirt on the foundation for the largest of the six new buildings to be erected here as their mammoth new plant. The building will be 246 by 105 feet and five stories high. It will be built of concrete and iron and will be a modern structure in every detail. The contract has been secured by a Cincinnati firm and it is expected that the other buildings will be in course of erection within a very short time. The building of this plant will make Clarksville the largest snuff manufactory in the world. The plant will cost about \$1,000,000.

MANY COVET THE CITY JUDGESHIP

More Candidates Announce For the Nomination.

Several More Prospective Candidates Are Also on the List for the Place.

POLITICS TO THE FORE.

From the indications at present, there will be a big "field" in the race for the Democratic nomination for city judge this fall, and some very lively campaigning is the promise.

Judge Puryear announced his decision to enter the race yesterday, which cleared the atmosphere, to a degree, of some prospective candidates. There were one or two candidates of the receptive class who were waiting the judge's decision before making their own, as his candidacy, which is at once recognized and appreciated as a formidable one.

Today, however, there are a number of other entries. Former County Attorney Eugene Graves is declared in the race by some of his friends, and his candidacy credited with being a factor right from the start, as he made a good record in the attorneyship and has a big following in the city.

From Louisville, today, came a letter from Attorney L. K. Taylor announcing his entrance into the race, and friends of Mr. R. J. Barber say he has determined to announce his candidacy.

G. C. Diuguid, who made the race against Judge Sanders the last time for the nomination, will also be a candidate, and Mr. Gus Singleton is in the "considering" list. There are still "other precincts to be heard from."

Justice Charles Emery, who, it has been declared, is a probable candidate, has not announced his decision, and is still "considering." Judge Emery has a big following, is close to the state administration, and, if he seeks the nomination will be a factor.

The Other City Offices.

No one has yet announced for the nominations for aldermen, councilmen and school trustees on the Democratic ticket, but they are expected to be forthcoming now in a few days.

There is a good deal of interest in these races. The announcements have been made, in certain quarters, that the Democrats will endeavor to put up men who have never been in these offices heretofore.

"We want a ticket we can elect," said a prominent Democrat today, "and we shall be careful to seek men we can land."

The Mayor's Office.

There are several prospective candidates for the Democratic nomination for mayor next year but none of them will come out into the open yet. It is the plan of one or two of them to try out in the aldermanic and council elections this fall, and no doubt there will be several prospective mayoralty candidates among the list of nominations for these offices in the fall.

TRUE DEMOCRATIC

Platform Framed by Convention Denounces Trusts and Tariff.

Waterloo, Ia., August 8.—The Democratic state convention today nominated a full state ticket, headed by Claude R. Porter, of Appanoose county, for governor, adopted a platform and adjourned sine die tonight.

The ticket nominated follows: Governor, Claude R. Porter; lieutenant governor, John D. Denison, Jr.; secretary of state, J. S. McLuen; auditor, C. E. Munroe; treasurer, L. F. Danforth; Attorney general, Fred A. Townsend.

The platform unanimously adopted by the convention demands legislation to destroy trusts; favors the regulation, in Iowa, to rates as low as interstate rates; favors a two-cent passenger fare; a state primary law that will protect all parties; the election of United States senators by a direct vote of the people; favors a law to punish corporations for contributing to political funds; expresses sympathy with the political program of the National Labor leaders, and the assessment of railroads in Iowa by a non-partisan commission and endorses Bryan for president.

Wreck in Subway.

Boston, Aug. 8.—A rear end collision in the subway this morning endangered the lives of several hundred people and partially wrecked two "T" trains.

WORK RESUMED IN RUSSIA'S MILLS

Failure of Strike Evidence of Powerlessness.

Order Has Been Restored in the Capital Again by the Government.

THE WIRES' NEWS OF TODAY

St. Petersburg, Aug. 8.—Work has been resumed in all mills and factories and the failure of the strike is regarded as an open recognition of the powerlessness of the extremists. Order has been restored in the capital and the government has entrusted to the ministry of the interior the preparation of a bill dealing with the Jewish question.

St. Petersburg, August 8.—From a member of the cabinet the Associated Press learns that the government regards the storm raised by the dissolution of parliament as passed that it intends immediately to carry out the policy of "strong handed reform," to which Premier Stolypin has committed himself.

An additional plank of the program is an attempt to appease the discontented peasantry as far as possible. The government's agrarian program which will not differ greatly from the Stulchinsky project, not only will be promulgated but probably will be placed in effect as a temporary law, the emperor having the right to issue temporary laws during the recess of parliament.

In other words it is the intention of the government to attempt to solve its most difficult problem irrespective of parliament, in the belief that it will meet with enough support to make it impossible for the next parliament to refuse its assent.

The ministry of the interior has issued a statement describing the strike as a complete failure, it having attained serious dimensions nowhere except in St. Petersburg and Moscow.

The statement says further that the factory inspectors are of the opinion that most of the factories will be working full strength before the end of the week.

TRIAL OF LYNCHERS.

Governor Folk to Push the Prosecution of Members of Mob.

Springfield, Mo., August 8.—The trial of three of the alleged leaders of the mob which hanged and burned three negroes on the public square, in this city, the night of April 14 last, will begin in the criminal court tomorrow. The cases promise to attract a great deal of attention by reason of the fact that Governor Folk, in sending Assistant Attorney General Kennish here to aid in the prosecution, is taking an active part in trying to bring the mob leaders to justice.

The special grand jury which investigated the triple lynching, returned indictments against 22 persons, but for some reason only three arrests have as yet been made. J. Hill Gooch and Daniel D. Galbraith both blacksmiths, are charged with murder in the first degree, and Harry Hacker is charged with perjury. Hacker is alleged to have given false testimony before the grand jury.

The negroes who were hanged by the mob, the bodies afterward being incinerated in the public square.

FORTUNE IN IRELAND.

Miss Clancy, of Memphis, Will Have Share.

Cincinnati, August 8.—Mary Clancy, formerly connected with the Wilcox & Gibbs Sewing Machine company, in Memphis, Tenn., was located today with her sister in Denver, Col., and supplied with the last link in the list of missing heirs to the Clancy estate in Ireland, valued at \$1,000,000.

For 13 years Wm. Keating, of Bellevue, Ky., just across the river her step-brother, and one of the four heirs to estate, has been searching for her. A personal advertisement in a St. Louis newspaper finally reached her and she wired today that she will come to Cincinnati immediately to assist in the steps to secure possession of the fortune.

One in Virginia.

Wheeling, Aug. 8.—An eastbound Baltimore & Ohio passenger and a

heavy freight collided near here last night and twenty persons were injured. Fireman Myers, Engineer Chaddock, Mrs. Sarah Mettett, of High Point, N. C., were seriously injured. The accident was caused by a delayed freight making up time.

A Railroad Wreck.

Somerset, Tenn., Aug. 8.—A fast freight train on the Louisville & Nashville was derailed this morning at Glen Mary, Tenn. It ran off the bridge into a creek. Fireman James Simmons was killed and Engineer George Colson seriously injured.

G. A. R.

PREPARATIONS FOR ANNUAL ENCAMPMENT MADE.

Meets in Minneapolis Next Week, and Big Crowd Is Expected.

Minneapolis, Minn., Aug. 8.—Judge Eli Torrance, former commander-in-chief of the G. A. R., and Wallace G. Nye, who has been in charge of arrangements for the national encampment of that organization in Minneapolis, next week, today issued the following statement. The several committees in charge of arrangements for the forthcoming national encampment of the G. A. R. to be held in Minneapolis from August 13 to 18, 1906, desire to announce that their plans are fully matured and that the city will be fully prepared to meet its full duty in connection with this great event.

Soldiers' quarters in school buildings are ready for occupancy and the patriotic people of Minneapolis are ready to open their doors to receive all who come. The decoration of the city is fast assuming shape and the national colors will be shown in profusion. Plans for the great parade are practically completed and correspondence indicates that there will be not less than 20,000 veterans in line.

Received No Support.

Mason City, W. Va., August 8.—After being on a strike since last April, miners at Beech Grove returned to work today at the same wages received when they struck. Miners say they received only \$4 benefits each since April.

BIG DAMAGES

SENSATIONAL UNION CITY BREACH OF PROMISE SUIT.

The Fair Plaintiff Entertains the Jury and Officials in the Case.

Union City, Tenn., August 8.—Miss Lola Walker secured a verdict of \$21,000 in her suit against Col. Dick Edwards, of this place, for breach of promise and betrayal, the jury reporting this afternoon after being out a short while. Immediately following the announcement the sheriff cleared the court-room and Miss Walker and her aunts, Mrs. Cullen and Mrs. Bauer, hurried in to congratulate the jurors which being done, the 12, accompanied by the pretty plaintiff, repaired to the courthouse green, where a photographer took the picture of the 13. Sheriff Chiles and Deputy Sheriffs Guy Walker and Scott Wiley. Each of the jurors congratulated Miss Walker, several of them invited her to their homes, and each asked her for her picture.

E. T. McDaniel, one of the jurors, gave Miss Walker and her aunts a watermelon feast at the Miller house. He begged the locket which Dick Weaver produced on the witness stand, and Miss Walker gave it to him, and to the other jurors she gave flowers from a bouquet that had been presented to her by lady admirers of this community.

"Uncle Joe" Stegala, proprietor of "Uncle Joe's Restaurant," in Cairo, and well-known in Paducah, died Tuesday afternoon.

EASY VICTIMS OF GREEN GOODS MEN

The Robisons, of Tennessee Tell Their Story.

They Bought Roll of Bogus Money for Ten Cents on the Dollar.

ACCUSED HELD TO GRAND JURY.

If the \$10,000 worth of alleged "green backs" Lafayette M. and Frank M. Robison, of Milan, Tenn., expected to get for \$800 in hard cash as green as the men who agreed to take them in, the color must be one that would make the native Irishman forsake his national color, and the Shamrock blush with shame for its lack of luster. The two Robisons arrived today to prosecute D. M. Blackwell, T. L. Warren and Tom Tully, alias Franklin, for defrauding them out of \$800, and told their story at police headquarters after the defendants had waived examination.

"We reside in Milan, Tenn., they stated, 'and through D. M. Blackwell, a man we had known for some time, began corresponding with Warren and Tully, alias Franklin, of Decatur county, Tenn. The latter two claimed they had stolen a printing press, paper and all necessary material for the printing of 'green backs,' which were as good as ever the United States put out of its mints, and, in order to start in business, would offer the 'goods' at reduced prices. They agreed to sell the bills at 10 cents on the dollar and we agreed to enter into negotiations with them for \$10,000 worth. They wanted \$800 and by agreement we met in Paducah in December just before Christmas. We gave up \$325 and did not get any 'goods.' After a patient wait of several days we returned home and said nothing.

One month later we received a letter from the two stating that they had been experimenting with the money and found it a sure thing; that the money would pass. We had been cited to the ease with which the money passed, as they had treated us to a drink and given a bill, alleged to be one of their own manufacture, to the bartender, who returned the change. We continued the negotiations and by agreement came to Paducah May 28th.

"On May 29th we met Franklin and Warren in the St. Nicholas hotel and went to a room. We had been instructed to bring with us the balance of the \$800, \$475, which we did; but we held out \$5 for expenses. The men took our money and asked us if they could take it with them for fifteen minutes while they got the 'goods.' We agreed and they proposed to return our \$800 if we were not satisfied, but we saw neither the goods or our cash again."

"That's a very good story," a newspaper man remarked smelling a spicy item in the detail.

"That's not any story at all," one of the Robisons declared in all seriousness, "that's the gospel truth."

The defendants waived examination and were held over under a \$1,000 bond. Franklin and Warren failed to give bond. They were represented by County Judge R. T. Lightfoot. The plaintiffs were represented by Attorney F. M. Davis of Lexington, Tenn., and Sheriff J. D. Franklin, of Franklin county, Tenn., was here as a witness. The case will come up for trial after the grand jury acts in September.

DESPERATE RIFLE DUEL.

Fought Between Former Kentuckian and Nebraskan.

Omaha, Neb., August 8.—Following a violent quarrel Frederick Clements and William Goldie fought a duel with rifles near South Omaha, Saturday night, Goldie receiving a wound from which he died yesterday morning. Goldie once lived at Fall River, Mass., and Clements near Owensboro, Ky. In the affray Mrs. John Backus a neighbor, was painfully though not mortally wounded.

WITH TYPHOID FEVER

Coal Mining Town Is Being Depopulated Near Wheeling.

Wheeling, Aug. 8.—At Black Betsy, a coal mining town, more than one-third of the population is sick with typhoid fever. Several deaths are reported. The coal company has scattered a carload of lime over the town in an effort to eradicate the disease.

Today's Schedule.

Jacksonville at Paducah, no game.
Vincennes at Danville.
Mattoon at Cairo, double-header.

"Pa" Frank Belt left Wallace park ball field yesterday in a bad mood. He was angry, because there was such a small attendance to see the games, but what made him still angrier was the fact that he lost two games, and in the last game did not even get a whiff of the home plate. It was two straight for the Indians, and, because of the race the two teams are making, it meant double, each standing for more than it would had Paducah been playing any other team.

Sammy Wright was "right" yesterday and let the Belittes down with three bingles, one a double. The Lanky Boy, moreover, struck out thirteen men, and gave only one pass. He was opposed by Akers, but Akers did not show form in the latter part of the game and his support was far from faultless, and this accounted for the scores of the Indians, not one being earned.

The Belittes started out like winners in the first inning, at least it looked that way. Copeland got a single but was killed on second and the next two went out in order. In the second Hagel doubled and it looked like the visitors were going to hit Wright freely. They got one measly bingle after that, and failure to hit the Lanky Boy tells the story for the visitors. Akers sent the Indians down in one, two three order until the fourth inning when a series of hits and errors tallied runs. Taylor started off with a nice double to right which, but for the tall and uncut grass, would have been good for three sacks at least. Quigley bunted and made first on Hackett's drop of Akers' throw. Quigley stole second and Cooper's double scored both runners. Cooper went to third on Wetzel's sacrifice and Haas hit to short. Cooper was caught at home. Haas stole second and scored on Lloyd's single. Lloyd was thrown out while trying to steal. Three runs.

In the eighth inning five more runs were shaved across. Quigley fanned, Cooper singled, stole second and went to third on a passed ball. Wetzel got a pass and Haas' patience was rewarded with a gift. Three men were on bases, with one out when the run getting began. It was quick work and one big error did the biggest part of it. Lloyd was up and hit a grounder to Livingston, who was playing in for a bunt. The ball passed the baseman and two runs tallied. "Chief" stole second when the argument was on, and Asher grounded to third. Hagel holding Haas out at the plate. Lloyd made third on the choice, and came in on Belt's wild throw to third. Downing and Wright singled, scoring Lloyd. A passed ball brought Asher and Downing in and the side was retired on Taylor's strike out. Five runs.

Proved Healthfulness

Scientists Affirm the Healthfulness of Good Beer

Purity means an absence of foreign matter—nothing else.

Cleanliness is a well known brewing ESSENTIAL. It is a matter of self-preservation with ALL brewers.

Purity and cleanliness alone do not assure Good Beer nor Healthful Beer.

Healthfulness depends solely upon QUALITY, and quality depends solely upon the ingredients used and upon the method of brewing.

Beer may be brewed from almost any cereal.

Many brewers use Corn as a substitute for Barley-Malt, because Corn costs less.

But the element of QUALITY, the essential of Healthfulness, must be lacking in such Beer.

Choice Barley, Selected Hops and extra quality Yeast are the prime essentials of Good and Healthful Beer.

This is a well known scientific fact.

We use the choicest Barley and Saazer Hops in brewing our Beers, adding a small quantity of Rice in pale beer.

These Saazer Hops, from a small province in Bohemia, have been found by Scientists to contain a superior quality of that wonderful health-giving substance—Lupulin.

Lupulin is creating a stir in the scientific and medical world because of its marvelous results in the treatment of nervous and digestive disorders.

We import a greater quantity of these expensive Saazer Hops than all other brewers combined.

Our storing capacity—600,000 barrels, more than double that of any other Brewery in the United States—makes it possible for us to store (lager) our Beer from four to five months, the time necessary to thoroughly age it.

This perfect maturing brings out, to the utmost, the health-giving qualities of the choice ingredients used.

These are the facts relative to what constitutes good beer.

They are worthy the attention of every person who demands the best when eating or drinking.

Dope.

A double-header was scheduled yesterday but Wilkinson got out late and delayed the first game. When the game was finished the threatening weather prevented the second game. The crowd was small and not much disappointed when the second game was called off.

Wetzel played a star third base again and the Indians were full of snap and vigor.

Thursday's games in the Kitty league will go down in baseball history as the greatest ever played in that organization. The Alices defeated Danville by a score of 2 to 0, and only five hits were made in the game one by the Vets and four by the Alices. The opposing twirlers were Christman for the locals and Perdue for Vincennes. In the Cairo-Jacksonville game the score was 1 to 0 in favor of the former club. Only seven hits were made in this game.

Paducah made six hits and Mattoon four. The twirlers were Miller for Paducah and "Snake" Moore for the Hyphens. Only four runs were made in the three games and only two hits were secured by the 64 players. —Danville Press.

Buck Freeman, last year with Paducah, who has been playing with the Evansville Central league team this season, has been sold to the Chicago Americans.

On account of the negroes leasing the ball park today no game will be played by Jacksonville-Paducah, but tomorrow a double-header will be played. Willey Platt will do the pitching probably pitching both games. Both teams will have a good rest and it will be a battle which decides whether Paducah remains below Jacksonville or goes ahead in the standing of teams. The Indians intend to take both games and the first will begin at 1:30 o'clock.

The L. A. L. team will go to De-Koven, Ky., for a game Sunday, leaving here Saturday night. Joe Woodridge will pitch and Eddie Brahe will use the big mitt.

New League for State.

Bowling Green, Ky., August 8.—It is stated by local baseball authorities that arrangements are now practically completed for the formation of a new league to be known as Class D. The circuit is to be composed of Bowling Green, Hopkinsville, Owensboro, Clarksville Tenn., and the Glenwoods, of New Albany, Ind. Application has been forwarded to the national association for membership, under the name as above stated, and it is believed that the new league will be a success.

RAILROAD NOTES

Mr. Eddie Brahe, the well known ball player and harness maker, has forsaken his trade and gone into the railroad service. He has accepted a position as assistant to C. F. Akers, who runs the triple valve testing machine in the local Illinois Central caboose shops. Mr. Brahe went to work this morning and succeeds Mr. Tom Akers who has gone into the car repairing service.

Mr. William McNamamar, supervisor of tracks of the Louisville division of the Illinois Central, was in the city yesterday on business.

Mr. A. H. Egan, superintendent of the Louisville division of the Illinois Central, has returned from the east, where he had been a week for his health, and was in Paducah today, coming on one of the excursion trains.

A Ledgerwood engine and plow have been brought here for repairing for use on the Tennessee division of the Illinois Central road. The engine unloads gravel from long strings of cars and has been working on the Bardwell fill, also in Louisiana. It is in charge of Mr. F. W. Ballis, and from here will be sent to the Tennessee division for service.

LOCAL UNIONS ON LABOR RESOLUTIONS

Printers Denounce Central Labor Union's Actions.

The Other Unions, It Is Said, Will Also Take the Matter Up.

THE PRINTERS' RESOLUTIONS.

The Paducah International Typographical Union No. 134 yesterday afternoon adopted a resolution denouncing the passage of a resolution in Central Labor Union claiming it to be illegally passed, or not passed by a sufficient number of votes in the union. The meeting yesterday afternoon was attended by nearly every printer in the city, and the following is the resolution adopted:

"At a special meeting held Tuesday August 7, to consider and act on the resolutions as published in the local papers of the date of August 3.

"It is the sense of this union, that it, International Typographical Union No. 134, denounce these resolutions as published in the papers, because they contain matters relating to religion and politics, which are antagonistic to the principals of the I. T. U., and it has instructed that the Central Labor Union be notified through its secretary under seal of Local Union No. 134, I. T. U., and that a copy of these resolutions be given to the newspapers of the city for publication."

Members of the typographical union declare that such matters can be legally acted on in Central Union only after they are acted on by the individual unions, and the unions' delegates instructed as how to vote. It is further alleged that there were but 18 members of Central Labor Union present at the time the resolution was passed and its passage was secured over the protest of several members present. There are forty odd delegates to Central Labor Union.

The Carpenters' Union met last night and endorsed the resolution passed by Central Labor Union Thursday night, and it is expected that the many individual unions will also act now that the matter has been brought up by the printers.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a God-send to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at McPherson's drug store. Price 50c.

Luckiest Man in Arkansas.

"I am the luckiest man in Arkansas," writes H. L. Stanley of Bruto, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with the first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At McPherson's drug store. 50c and \$1.00. Trial bottle free.

HORSE PREFERS WORK TO PLAY

Fire Department Pet on Pasture Breaks for Town.

He Is Finally Reconciled to His Detention and Very Much Enjoys Romp.

HAD CHIEF WOODS PUZZLED

Prince, a Paducah fire department horse, likes the "strenuous life" and tried to throw away his two weeks' vacation in order to get back into the harness and run to fires. As a result of Prince's love for the city he is crippled slightly and it was only by a ruse of Fire Chief Wood that he was kept on the pasture where the fire horses are sent for their rest every two weeks.

Chief Wood alternates in giving his horses vacations, and this week it came Prince's time to secure a leave of absence. Prince is a young horse, and when he was led out of his stall and started for the "fall and uncut," he protested vigorously. He pulled and balked, but the halter was strong and Prince soon found himself on the old post house property, which is used by Fire Chief Wood as a pasture for his horses. Prince was placed within the fenced enclosure and left. The chief started back for town and Prince stood by the seven-foot wire fence looking longingly after him as he drove away in his buggy.

Prince could not stand it. He wanted to get back to the city and experience the "strenuous life." It was too quiet in the country for him, and he charged on the fence. The horse saw he could not knock it down, and wisely concluded to jump it.

He did but his legs were scratched by the barbed wire.

Fire Chief Woods heard a noise and looking around found Prince's nose poking lovingly over his shoulder. He returned, placed the escaped horse in the pasture again and started for town the second time, and again Prince jumped the fence. He made little better success than the first time, and more scratches were added to his legs.

Chief Wood scratched his head in perplexity. "Dick" an old pensioner, is on the farm and has a wonderful knack of opening the stable door. He required several hours to do it, but when locked up Dick always manages to be out by morning, and Chief Wood locked Prince and Dick up in the stable and drove away.

The following morning both horses were found galloping about the pasture answering imaginary alarms and Prince become reconciled. He did not show the least inclination to leave and after a dressing of the painful scratches on his legs, Prince started for a circuit of the pasture to see how fast he could go.

"That is the first time I ever saw a horse refuse a vacation," Chief Wood declared, "but he sure did want to get back to the city, and I had a hard time with him."

HAPPY RESULTS

Have Made Many Paducah Residents Enthusiastic.

No wonder scores of Paducah citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Paducah by Doan's Kidney Pills.

J. B. Roark, of 1027 South Fifth street, says: "I do not want to understand that Doan's Kidney Pills, procured at Alvey & List's drug store, have radically cured me of attacks of backache, but I have been benefited incalculably by the treatment. I never expected to be free from kidney complaint, for I have suffered excruciatingly when the attacks were at their height. I could not stoop without pain; could not straighten after stooping without twinges and often was unable to turn in bed without actually groaning. Any remedy which gives the relief that Doan's Kidney Pills have given to me deserve the endorsement of the public."

MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian has learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for women's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

NEWS OF KENTUCKY

Col. Gaither's Close Call.

Harrodsburg, Ky., August 8.—Col. E. H. Gaither, one of Kentucky's leading attorneys and a man of prominence in military affairs, came near losing his life in an encounter with an enraged bull.

The animal, which Col. Gaither was endeavoring to drive, attacked him, and, after tossing him three times on his sharp horns, got him down. He managed to get hold of the horns of the beast, and, being a man of athletic build and great activity, he succeeded in warding off a thrust sufficient to have killed him.

But for the timely arrival of two colored men, who succeeded with great difficulty in rescuing Col. Gaither, he would surely have been killed. As it is, he has many ugly wounds and is terribly bruised. He will be confined to his room for several weeks.

Joe Rhinock in Peril.

Covington, Ky., August 8.—Congressman Joseph L. Rhinock had a narrow escape yesterday from serious injury. He had taken President Matt J. Winn, of the New Louisville Jockey club, to the station at Latonia, and the latter had just stepped out of the vehicle when the horses became scared at a passing train and in their struggle wrenched one of the hind wheels off. Mr. Rhinock was thrown out but escaped injury.

Over Fourscore.

Hopkinsville, Ky., August 8.—Captain W. S. Goodwin died this morning, aged 83 years, after a lingering illness incident to old age. He was a native of Trigg county. He leaves three daughters and three sons. He will be buried at Cerulean Springs tomorrow. He was the oldest member of the Baptist church here. One of his daughters lives in Anson, Tex., and two sons in Fresno, Cal.

Hopkinsville College Opens.

Hopkinsville, Ky., August 8.—The Bethel Baptist association met this morning in its eighty-second annual session with Moderator William H. Harrison, of Russellville, in the chair. The body embraces more than 40 Baptist churches in Christian, Todd, Logan and parts of other counties. About one hundred delegates are in attendance.

Buy a Pair and Make an Old Suit New

THIS sale is probably awaited with more interest than any of our money-saving cut price sales, with the exception of the suit sale, as the economical dressers recognize the opportunities it affords of making a new suit out of an old one by the addition of a pair of odd trousers. The trousers usually wear out long before the coat to a suit seems worn, and the addition of a new pair renews the suit.

In this sale we have put all of our odd trousers, and there are just any number of most excellent bargains in the lot—the famous Paragon trousers being among them.

Daily Thought.

"Let no day pass without some fellowship with books."

This is the day the colored man celebrates his emancipation from bondage, and no man begrudges him his observance of the anniversary. His best well wisher is his former master. On this day the colored man should take a rearward view over the course he has come in the last 40 years, estimate the progress he has made, take a lesson from his mistakes and resolve to make a better showing by the time the next anniversary rolls around. The colored man should bring up his children to observe the day, not as a mere holiday for a frolic, but as a solemn season of thankfulness and introspection. Too many are inclined to assume the holiday feature as the whole of the day, and in this the colored man is not without his white counterpart. The Fourth of July and even Thanksgiving, perhaps the most characteristic American festival, have in a measure lost their significance through the carelessness of parents. Few children these days receive much patriotic instruction outside the school room. Anniversaries, such as the colored man celebrates today, are only valuable as they are made use of by the individuals to inventory their accomplishments, that they may take courage from performances of the past, ascertain in what channels success lies and carefully note the errors that they may be avoided in the future. Keeping the books rightly balanced and watching the stock is the secret of success in life.

The board of public works meets today. The board of health has ascertained that Bradshaw creek is being used as the depository of refuse, and at the last meeting decided to refer the matter to the board of public works to abate the nuisance. The two departments should co-operate in bringing about a sanitary condition of this little stream, which may become a menace to the city's health.

Never did Columbus strain his eyes more eagerly for the outlines of the western hemisphere than do the politicians of the First Kentucky district for the sweeping outlines of "Our Ollie," who is sailing home to us, with his own little secret carefully hidden in his ample breast.

If the Louisville Herald is to be credited, Governor Bockham has been driven to the "tail timber" in search of a candidate for governor. Well, we grow 'em tall and straight in west Kentucky.

Judge Puryear announces that he will stand on his record in his campaign for the Democratic nomination for police judge. He will "stand" a chance of recording in too.

TELEPHONE

IMPROVEMENTS IN THIS SECTION ARE EXTENSIVE.

Both Companies Are Spending Large Sums and Extending Lines—Conduits.

Many improvements are being made by both telephone companies in city and surrounding country. The Home Telephone company is spending \$160,000 in the city and \$400,000 in west Kentucky. The improvements under way embrace both the service at the exchanges and extensive outside additions and changes.

The East Telephone company at present employs 108 men and 82 women. Its lines are being extended over all the surrounding country so that the farmer in his home may telephone anywhere.

The Home Telephone company now has underground conduits extending from the exchange on North Fifth street out Kentucky avenue to Ninth street, across to Broadway and out Broadway for some distance. Underground wires rarely become deranged and any trouble can be located exactly by delicate instruments at the exchange offices. They also increase the appearance of streets and make fire fighting easier.

Uriah G. Rodfus.

Mr. Uriah G. Rodfus, 47 years old, died Tuesday at his home near Hampton, Livingston county, of pneumonia and fever after a several days' illness. He was well known here. The funeral was held Tuesday afternoon. He was a brother of Messrs. Frank and Charlie Rodfus, this city. Will Rodfus, another brother, survives him in Livingston county.

Mr. Robert Harper, of Eddyville, is visiting friends in the city.

Hot Days Beneficial.

It is strange we never stop to realize that the hot days are good for us. They are 'tho', just as they are good for crops. Nature sends the hot days to give us a good "sweating"—if the use of the vulgar word is permissible for in this way it eliminates some of the poisons from our systems. If we would get out of doors, instead of sitting in the shady nooks, and take two or three hours in the open air with the "boiling sun" boiling us right we would feel lots better, and be lots better.

This is a correct theory, and is the theory that prompted the invention of the hot-air treatments I am giving with such success in my practice. When used in connection with Osteopathy it is a specific for the ailments that give us Paducahans the most trouble, malaria, chills and fever and biliousness, and I can in just a few minutes show anyone suffering of these ailments why they yield so readily to the treatment. I can refer you to people you know who will attest to my statements.

If you feel drowsy, and tired; feel like you had a taut band around your head which was being drawn closer all the time; if you are suffering of indigestion or any form, a course of Osteopathic and dry hot-air treatments will bring a quick cure, and do so without the aid of anything but aids to Nature.

My office hours are from 9 to 12 and from 2 to 5, Dr. G. B. Froage, 518 Broadway, Phone 1407.

BROADWAY CURBS TO BE REPAIRED

Contractor's Representative Is Making Effort.

The Board of Works Will Consider This at the Session To-day.

OTHER CITY ROUTINE MATTERS

The board of public works will meet this afternoon at 3 o'clock and take definite action towards repairing the curb and gutter on Broadway from Fifth to Ninth street. Two weeks ago the board gave the contractors, the Anchor Roof and Paving company, of Evansville, Ind., until August 8 to begin work, but nothing has yet been done.

Mr. C. E. Jennings is the local agent for the company and is negotiating with concrete men to repair the defects. Mr. Robert Boswell examined the specifications this morning in City Engineer L. A. Washington's office, and will make Mr. Jennings a bid on the work. Other concrete men are expected to bid, and the company is putting forth every effort to have the repairing begin at once. The matter will come before the board this afternoon, and if Mr. Jennings has not come to some satisfactory agreement with concrete men the board will take the matter in charge, do the work itself, and charge it to the contractors who are still under a maintenance bond.

The matter of accepting a bond from Thomas Bridges' Sons, for the work on curbs, gutters and pavements on Jefferson from Fourteenth to Nineteenth street will come up.

City Engineer L. A. Washington will have reports relative to street improvement work and the remainder of the business will be routine.

To Improve Park.

If the aldermen pass the resolution passed in the lower board Monday night giving the park commissioners \$1,500, this year for its work, the commissioners will immediately take steps to put Lang park in good condition.

The site of the park is a very pretty one, and it will require but very little expense comparatively, to improve it. The fence will be taken down at once, the weeds and grass cut, probably some walks laid, and a fountain installed, but, at most, the work will be preliminary to a general scheme of improvement the commissioners have under consideration.

The people of Fountain avenue are pleased over the prospects of improving the park, which has long been a mere waste where the weeds and grass have run riot. The avenue is one of prettiest thoroughfares in city, and the park will add a very attractive feature to it.

The park commissioners' plan to put parks about the size of Lang park in each ward of the city has met hearty approval in every quarter, and each day the park bond scheme becomes more popular, as the people appreciate just what it means.

PADUCAH MEN FOR CONGRESS

Judge Lightfoot and Senator Campbell Waiting

Their Friends Are Grooming Them for the Congressman's Nice Job.

RACE WOULD BE INTERESTING.

In the event that Ollie James runs for governor Paducah will have two, and probably more, candidates for the congressional nomination, County Judge R. T. Lightfoot and State Senator J. Wheeler Campbell, and both will make strong fights for the place.

Judge Lightfoot has been given credit with nursing congressional aspirations for some time, and his friends say he is a sure entry,—and a winner. He is one of the most popular officials the county has ever had. A bright, energetic resourceful lawyer, he has had very marked success since removing to Paducah about ten years ago. On the stump he is a pleasing witty speaker and a logical reasoner, worthy of any foe and if he enters the race will no doubt take the stump and go over the entire district.

Senator Campbell has been one of the best and most prominent workers in the legislature since his first term. He immediately established himself as a speaker well able to take care of himself in any cause when he first went to Frankfort, and his career has been marked with some very effective work. He comes of a family noted for fluency of speech and keen intellect, and if he takes the stump for congressional nomination, which is more than probable in the event that James goes after the governorship, the district will be treated to some of those flights of eloquence for which the state in the years gone by was famed.

For the gaiety of the district, it is hoped by more than one lover of political battles that James will seek the governorship nomination just so the First district can pull off an old-time political canvas.

Miss Piner Weds.

The Hopkinsville Kentuckian of Tuesday says:
The news has just been received here of the marriage about two weeks ago of Miss Rena Piner, daughter of Rev. W. K. Piner, formerly pastor of the Methodist church here, and Mr. Charles Colchord, son of Charles F. Colchord, president of the State National bank of Oklahoma City and one of that city's most influential and wealthy citizens. The bride's father is now pastor of the Methodist church at Oklahoma City. The couple had been engaged for some time and the wedding set for next fall, but while they were at a house party at Silver Springs, Michigan they decided to have the ceremony performed at once.

Pretty Party.

Miss Blanche Street entertained in a charming manner last evening at her home on South Sixth street, complimentary to Miss Flora Rohr, who is visiting Miss Erma Reitz. The inclement weather caused the party to be changed from the lawn to the house. Refreshments were served to those present, who numbered Misses Erma Reitz, Flora Rohr, Jeanette Pettit, Beulah Rogers, Mike Caldwell, Kate Bauer, Inez Trent and Messrs. Frank Donovan, Roy Prayter, Arnold and Robert Palmer, John Cullumaine, Will Baker and Sutton and DeWortin.

Dinner Party.

Miss Ethel Seamon entertained charmingly last evening with a dinner party at her home on South Fifth street in honor of the Misses Luna and Essie Doughit, Mayfield, who are the guests of the Misses Beyers, of Monroe street. Covers were laid for nine and the color scheme of red and white was effectively carried out in the table decoration and refreshments. Those present were: Misses Lillian, Lorena and Carrie Beyer, Catherine Rock, Marjorie Mammen, Luna Doughit, Ethel Seamon, Florence Mammen and Essie Doughit.

A Paducah Amateur.

Miss Pearl Riley, daughter of Mr. M. L. Riley, the well-known photographer, and sister, Miss Neva Riley, will go to Mayfield this afternoon. The former has been secured to take the most difficult part in Miss Pugh's butterfly carnival to be given Friday night. Little Miss Riley goes down to rehearse the part. She is Paducah's most promising young actress and already has an enviable reputation in juvenile theatricals.

Lawn Party.

Miss Gussie Herring entertained a number of her friends with a lawn party last evening at her home on South Third street. The spacious lawn, with its colored lanterns and seats, made an ideal place for the entertainment of the guests. Progressive conversation and other amusements were features of the evening. Refreshments were served later.

Indoor Party.

Owing to the threatening weather last evening, Miss Gene Morris postponed her boating party and as a substitute delightfully entertained the invited guests at her home on Madison street. Dancing was indulged in by the young people and musical features added to the pleasure of the evening, after which refreshments were served.

Morning Party.

Mrs. H. S. Wells entertained informally with a pretty morning card party this morning at her apartments in the Empire flats, in honor of Misses Hattie Miller and Mary Newton, the guests of Mrs. C. L. Van Meter. Dainty refreshments were served at the conclusion of the game.

At Whitehaven.

In compliment to the house-guest Miss Myrtle Greer, Miss Elizabeth Atkins entertained Tuesday evening at her home "Whitehaven." The evening was spent pleasantly by a limited number of guests. Refreshments of ices and cakes were served.

For Visitors.

In compliment to the Misses Hattie Miller and Mary Newman, Mrs. C. L. Van Meter's guests, Mrs. W. A. Berry will entertain tomorrow with a morning party at her home on North Seventh street.

Attorney D. H. Hughes went to Henderson, Ky., this morning on business.

Which Was "Ed?"

When the late Senator Walcott first went to Colorado, he and his brother opened a law office at Idaho Springs under the firm name of "Ed Walcott & Bro." Later the partnership was dissolved. The future senator packed his few assets, including the sign that had hung outside of his office, upon a burro and started for Georgetown, a mining town farther up in the hills. Upon his arrival he was greeted by a crowd of miners who critically surveyed him and his outfit. One of them, looking first at the sign that hung over the pack, then at Walcott, and finally at the donkey, ventured:

"Say, stranger, which of you is Ed?"—"Under the Spreading Chestnut Tree." Everybody's Magazine for August.

GET JURORS FROM ANOTHER COUNTY

Prosecution Wins Victory in Marcum Case.

A Noted Feudist and Friend of Hargis Goes to the Southwest.

AND OTHER KENTUCKY NEWS

Beattyville, Ky., August 8.—The jury which will try the cases of John Smith, John Abner and B. Fulton French, accused of complicity in the murder of James H. Marcum, is chosen from another county.

This is a victory for the commonwealth which filed an affidavit to the effect that a fair trial would be impossible owing to the tactics employed by the Hargises, Callahan, French and their allies since the cases were transferred from Breathitt county. It was averred that while two-thirds of the jurors of Lee county were Republicans only four were among those summoned for service.

There is a report out to the effect that Alex. Hargis, through an attorney, has made overtures to Attorney A. F. Byrd to withdraw from the prosecution, stump the district for Hopkins and in return go to congress two years hence without opposition. Mr. Byrd says he has heard the rumor, but that he has not been approached by anyone claiming to represent the Hargises. He says he is in the fight to stay. Asbury Spicer, a witness for the prosecution, arrived here last night after riding all day. Spicer exhibited the bullet which was fired at him from ambush during the trial at Jackson and which scraped his back.

From Breathitt.

Jackson, Ky., August 8.—Douglas Hays, of local notoriety, as one of the Hargis "feudists," and for years on the friendliest of terms with Judge James Hargis, left here this morning for Albuquerque, New Mexico.

Hays intends to make New Mexico his home in the future, and work certain mining claims which he is reported to hold.

His return to the west was hastened by the prospect of some unpleasant litigation in Leslie county, resulting from the nonpayment of a check for a considerable sum of money which Hays is alleged to have drawn in favor of Lew Lewis, brother of Judge T. G. Lewis. Hays was deputy sheriff under former Sheriff Ed Callahan. He came all the way from New Mexico to testify for Callahan and Hargis at the Beattyville trials, but was one day too late.

Groom Sixty-five; Bride Seventy.

Hopkinsville, Ky., August 8.—J. R. McKinney, a prominent farmer of this county, and Mrs. Thomas McKinney were married here this afternoon. The bride is 70 years old and the groom 65. The wedding was a general surprise.

Prize Money.

Copies of the prize list for the Kentucky state fair were mailed out yesterday by Secretary J. B. Bowles to exhibitors throughout Kentucky and all parts of the country. The prize list will give in detail the classes and the amount of money set aside for each.

Prize money amounting to over \$25,000 has been offered, the \$15,000 appropriated by the state having been largely supplemented. The money has been divided as follows: Horses \$5,500; jacks, \$400; cattle, \$5,000; hogs, \$1,500; sheep, \$1,500; poultry, \$800; tobacco, vegetables, field seeds, horticulture, etc., \$2,500; woman's department, \$800; racing, \$8,500. In addition, Hubert Vreeland, commissioner of agriculture, has arranged to have \$500 appropriated by the state for prizes in the agricultural department.

In making up the prize list Kentucky breeders and exhibitors have been especially considered, and in addition to the open classes there will be a large number of classes exclusively for Kentucky breeders. This was done because of the fact that the fair is principally given for the encouragement of the livestock and agricultural interests of the state.

GREAT CROWDS IN PADUCAH TODAY

Eighth of August is Fittingly Celebrated by Blacks.

Excursions on All Lines Bring Many Visitors From All Parts of South.

DARKEY IN HIS ELEMENT.

Today, August eighth, is the negroes' Fourth of July, and there are thousands in the city from Nashville, Memphis, Louisville, Cairo, Jackson, Evansville, Owensboro and from down the N. C. & St. L. road and towns up and down the rivers. The eighth is being celebrated in every form and manner, and it will doubtless prove the biggest celebration of its kind ever held in Paducah, because of the fact that this city is the only one of any size south of the Ohio river which holds such celebrations on a big scale. The railroads took advantage of this and advertised the celebrations, arranged excursions, and today eleven railroad excursions came in.

Joe Mosley, colored, excursion agent for the Illinois Central, has charge of the trains and they arrived as follows:

Excursion from Nashville, arrived at 5 a. m.; Louisville, arrived 8:30; Cairo, 10 o'clock; Wickliffe, 10:30; Covington, 11; two from Memphis, 12; Evansville, 12; Owensboro, 1:30.

The N. C. & St. L. road ran two one from Nashville, arriving at 6 a. m., and the second from Jackson, Tenn., at 11 o'clock.

The railroads had extra coach inspectors and special agents out to look after the order, and no disorder was reported. A total of 110 coaches were handled into Paducah by the Illinois Central without a hitch, bespeaking much for Trainmaster L. R. McCabe and his efficient corps of subordinates.

The Paducah Eureka band met trains at Eleventh and Broadway and besides this band there are two others, one from Mayfield and another from Dyersburg.

Near Eleventh and Broadway, in every available space, a lunch stand was erected and meals of all kinds served. The small settlement has been dubbed "Camp McCabe," a compliment to Trainmaster L. E. McCabe, of the Paducah district Illinois Central road.

The Traction company has on extra men and all its rolling stock in service. Chief of Police James Collins has on over a dozen extra police and is prepared for any emergency.

There will be dances, ball games and every form of amusement for the colored visitors and the Eighth of August, 1906, will probably prove the biggest celebration in the history of the south in this section.

All work where colored labor is depended on has been suspended for the day, and there is little doing in the work line. The cars being crowded early this morning and to preclude complications from gambling and the sale of pale ale and "black bottle" goods, Justice Chas. Emery deputized 15 men to do service about the parks to see that order was preserved and no intoxicants sold where there is no license and that no gambling is permitted.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "a quick and perfect cure." Greatest healer on earth for Burns, Wounds, Sores, Eczema and Piles. 25c at McPherson's drug store.

—During this month we will make special prices and terms on pianos and organs. It would be worth your time and save you money to see our pianos and get our prices before buying. D. H. Baldwin & company, 520 Broadway.

The Manager Of the B. & O. A.

By VAUGHAN KESTER

Copyright, 1901, by Harper & Brothers

He had heard nothing of his father, and in the pressure of his work and freshened interest in the fortunes of the Huckleberry had hardly given him a second thought. He felt that since he had sent money to him he was in a measure relieved of all further responsibility. If his father did not wish to come to him, that was his own affair. He had placed no obstacle in his way.

CHAPTER V.

LATE one afternoon, as Oakley sat at his desk in the broad streak of yellow light that the sun sent in through the west windows, he heard a step on the narrow board walk that ran between the building and the tracks. The last shrill shriek of No. 7, as usual, half an hour late, had just died out in the distance, and the informal committee of town loafers which met each train was plodding up Main street to the postoffice in solemn silence.

He glanced around as the door into the yards opened. He saw a tall, gaunt man of sixty-five, a little stoop shouldered and carrying his weight heavily and solidly. His large head was sunk between broad shoulders. It was covered by a wonderful growth of iron gray hair. The face was clean shaven and had the look of a placid mask. There was a curious repose in the man's attitude as he stood with a big hand—the hand of an artisan—resting loosely on the knob of the door.

"Is it you, Dan?"

The smile that accompanied the words was at once anxious, hesitating and inquiring. He closed the door with awkward care and, coming a step nearer, put out his hand. Oakley, breathing hard, rose hastily from his chair and stood leaning against the corner of his desk, as if he needed its support. He was white to the lips.

There was a long pause while the two men looked into each other's eyes. "Don't you know me, Dan?" wistfully. Dan said nothing, but he extended his hand, and his father's fingers closed about it with a mighty pressure. Then quite abruptly Roger Oakley turned and walked over to the window. Once more there was absolute silence in the room save for the ticking of the clock and the buzzing of a solitary fly high up on the ceiling.

The old convict was the first to break the tense stillness.

"I had about made up my mind I should never see you again, Dan. When your mother died and you came west I sort of wiped out the little there was between me and the living. In fact, I really didn't know you would care to see me, and when Hart told me you wished me to come to you and had sent the money I could hardly believe it."

Here the words failed him utterly. He turned slowly and looked into his son's face long and lovingly. "I've thought of you as a little boy for all these years, Dan, as no higher than that," dropping his hand to his hip. "And here you are a man grown. But you got your mother's look. I'd have known you by it among a thousand."

If Dan had felt any fear of his father it had left him the instant he entered the room. Whatever he might have been, there was no question as to the manner of man he had become. He stepped to his son's side and took his hand in one of his own.

"You've made a man of yourself. I can see that. What do you do here for a living?"

Dan laughed queerly.

"I am the general manager of the railroad, father," nodding toward the station and the yards. "But it's not much to brag about. It's only a one horse line," he added.

"No, you don't mean it, Dan?" And he could see that his father was profoundly impressed. He put up his free hand and gently patted Dan's head as though he were indeed the little boy he remembered.

"Did you have an easy trip west, father?" Oakley asked. "You must be tired."

"Not a bit, Dan. It was wonderful. I'd been shut off from it all for more than twenty years, and each mile was taking me nearer you."

The warm yellow light was beginning to fade from the room. It was growing late.

"I guess we'd better go uptown to the hotel and have our supper. Where is your trunk? At the station?"

"I've got nothing but a bundle. It's at the door."

Dan locked his desk, and they left the office.

"Is it all yours?" Roger Oakley asked, pausing as they crossed the yards to glance up and down the curving tracks.

"It's part of the property I manage. It belongs to General Cornish, who holds most of the stock."

"And the train I came on, Dan—what owned that?"

"At Buckhorn Junction, where you changed cars for the last time, you caught our local express. It runs through to a place called Harrison—the terminus of the line. This is only a branch road, you know."

But the explanation was lost on his father. His son's relation to the road was a magnificent fact which he pondered with simple pleasure.

After their supper at the hotel they went upstairs. Roger Oakley had been given a room next his son's. It was the same room General Cornish had oc-

cupied when he was in Antioch.

"Would you like to put away your things now?" asked Dan as he placed his father's bundle, which he had carried uptown from the office, on the bed.

"I'll do that by and by. There ain't much there—just a few little things I've managed to keep or that have been given me."

Dan pushed two chairs before an open window that overlooked the square. His father had taken a huge blackened meerschaum from its case and was carefully filling it from a leather pouch.

"You don't mind if I light my pipe?" he inquired.

"Not a bit. I've one in my pocket, but it's not nearly as fine as yours."

"Our warden gave it to me one Christmas, and I've smoked it ever since. He was a very good man, Dan. It's the old warden I'm speaking of, not Kenyon, the new one, though he's a good man too."

Dan wondered where he had heard the name of Kenyon before; then he remembered—it was at the Emory's.

"Try some of my tobacco, Dan," passing the pouch.

For a time the two men sat in silence, blowing clouds of white smoke out into the night.

Roger Oakley hitched his chair nearer his son's and rested a heavy hand on his knee. "I like it here," he said.

"Do you? I am glad."

"What will be the chances of my finding work? You know I'm a cabinet-maker by trade."

"There's no need of your working, so don't worry about that."

"But I must work, Dan. I ain't used to sitting still and doing nothing."

"Well," said Oakley, willing to humor him, "there are the car shops."

"Can you get me in?"

"Oh, yes, when you are ready to start. I'll have McClintock, the master mechanic, find something in your line for you to do."

"I'll need to get a kit of tools."

"I guess McClintock can arrange that too. I'll see him about it when you are ready."

"Then that's settled. I'll begin in the morning," with quiet determination.

"But don't you want to look around first?"

"I'll have my Sundays for that."

And Dan saw that there was no use in arguing the point with him. He was bent on having his own way.

The old convict filled his lungs with a deep, free breath. "Yes, I'm going to like it. I always did like a small town anyhow. Tell me about yourself, Dan. How do you happen to be here?"

Dan roused himself. "I don't know. It's chance, I suppose. After mother's death—"

"Twenty years ago last March," breaking in upon him softly; then, nodding at the starlit heavens: "She's up yonder now watching us. Nothing's hidden or secret. It's all plain to her."

"Do you really think that, father?"

"I know it, Dan. And his tone was one of settled conviction."

Dan had already discovered that his father was deeply religious. It was a

faith the like of which had not descended to his own day and generation.

"Well, I had it rather hard for awhile," going back to his story.

"Yes," with keen sympathy. "You were nothing but a little boy."

"Finally I was lucky enough to get a place as a newsboy on a train. I sold papers until I was sixteen and then began braking. I wanted to be an engineer, but I guess my ability lay in another direction. At any rate, they took me off the road and gave me an office position instead. I got to be a division superintendent, and then I met General Cornish. He is one of the directors of the line I was with at the time. Three months ago he made me an offer to take hold here, and so here I am."

Universal Solvent

Denatured Alcohol Promises to Make Life Simpler and Happier.

If the removal by act of congress of the tax on denatured alcohol produces all the beneficial results expected, light, heat and power in many general and tasteful applications are going to be a great deal cheaper. The odious smell of gasoline will vex the nostrils no more. Kerosene will be an expensive illuminant in comparison. We shall wash, iron, drive on land and water, read, plow, harrow and generally live and move by means of denatured alcohol. Doubtless there was some exaggeration in the "claims" of its friends, but much has been done with it in Germany, and the petitions of all sorts of persons and interests for the removal of the tax showed how wide was the expectation of good results from free denatured alcohol.—"With the Procession." An Ordinance providing for the original construction of the Side-walks, including Granitoid Curbs and Gutters on both sides of South Fourth street, from Norton street to Husbands street, in the City of Paducah, Kentucky, the Side-walks to be six feet wide, and the Curb and Gutter to be what is commonly known as "Combined Curb and Gutter," and all to be of Granitoid construction.

Be it ordained by the General Council of the City of Paducah, Kentucky:

Section 1. That the side-walks, including curbs and gutters on both sides of South Fourth street, from Norton to Husbands street on the west side of South Fourth street, in the city of Paducah, Kentucky, be and it is hereby ordered and directed to be originally constructed of granitoid construction, the side-walks to be six feet wide, and the curbs and gutters to be what is commonly known as "Combined Curb and Gutter." All to be done in strict accordance with the plans, specifications and profiles of the city engineer, made and provided by him for that purpose. All of said side-walks, curbs, gutters as aforesaid to be of granitoid construction and to be built in strict accordance with the aforesaid plans, specifications and profiles, all of which are hereby adopted as a part of this ordinance and made a part of the same as fully as if embraced herein or attached hereto, and designated by—being marked "A." Reference is also made to the petition of the property owners abutting said street, which is made a part hereof, and to have the same force and effect as if embraced herein and attached hereto, and for identification marked "B."

2. Said work shall be contracted for and executed under the action of the board of public works and supervision of the city engineer, and shall be commenced at a time designated by the board of public works be contract, and shall be completed on or before the 31st day of December, 1906.

3. The cost of the original construction of said side-walks, including curbs and gutters as aforesaid, shall be paid for by the property owners, abutting or fronting the aforesaid street on both sides thereof, to be apportioned to said property owners according to the front feet so owned by them, as other original improvements are paid for under charter and ordinances of the city of Paducah, except the city shall pay for all intersections of streets and public alleys, if any such there be.

4. The contractor awarded such contract shall be paid on estimate furnished by the city engineer, and approved by the board of public works, in accordance with the terms of the contract made between the contractor and the city of Paducah for the original improvement of the aforesaid side-walks, curbs and gutters, and in no other way.

5. This ordinance shall take effect from and after its adoption, approval and publication.

Adopted June 18, 1906.

GEO. O. M'BROOM, President Board of Council.

Adopted July 19, 1906.

O. B. STARKS, President Board of Aldermen.

Approved July 31, 1906.

MONEY IN PEARLS

A 75-CENT PEARL SELLS FOR \$15,000 IN NEW YORK.

The Industry an Interesting One on the Ohio River, Below Paducah.

That there is big money in the pearl industry was long ago recognized, and the western streams, for many years, have been the scenes of active hunting on the part of skilled fishermen for river pearls and mussels.

The industry on the Ohio river has assumed larger proportions every year and to one who has never seen the fleet of boats engaged in it on the river just below Paducah the first sight is one to be remembered.

There have been no big finds reported yet this summer, but the people who follow the business make a very good living out of it.

A New York paper, of this week, has the following item which will interest those who know anything of the industry around Paducah.

On sale in John street is a perfect pearl weighing 68 grains, white and rounded, for which the asking price is \$15,000, says a New York telegram. The man who found it in a mussel shell on the Wisconsin bank of the Mississippi river only a few weeks ago, sold it for 75 cents. The pearl came in a shell the size of a silver dollar.

Another pearl from the American fisheries in Middle Western rivers, offered now for \$5,000 in the Maiden Lane district, is of 98 grains, and is a pear-shaped drop of pink tint.

RAILROAD TIE

PADUCAH MAN SECURES PATENT ON STEEL FIBRE TIE.

A Probable Solution of a Great Problem for Railroads at Last.

The Sun's Washington dispatches today announced the issuance of a patent to Charles J. Kopf, of Paducah, of a railroad tie.

Mr. Kopf is chief engineer for the West Kentucky Coal company, and resides at 321 Jackson street. His patent is a steel and fibre composition railroad tie.

Mr. Kopf has been at work on the patent for some time, and thinks he has probably solved what is becoming a very serious problem for the railroads on account of the rapid depletion of the wood supply for railroad ties. The invention has been shown to a number of practical men as is deemed a success. If so, Mr. Kopf no doubt has the foundation of a fortune in it.

Eaten By Cannibals.

Chicago, Aug. 8.—Miss Beulah Logan Tutill, a Methodist missionary, whose ancestors were missionaries before her, startled the big Methodist camp-meeting on the Desplaines river by telling how she saw eleven persons killed and devoured by cannibals. She was taken to the Caroline Islands when she was 6 years old, and began her missionary work when she was 17. In 1900 her parents left the Carolines and went to Sidney Australia. She remained on the island for several months afterward.

Mrs. Phillip Schueler and Miss Barbara Schatz, of Evansville, will arrive this week to visit Mr. and Mrs. J. C. DeMert.

FOR BRYAN

IDAHO AND IOWA ENDORSE HIM FOR PRESIDENCY.

Other Work of the Two Conventions Held Yesterday.

Coner, D'Alene, August 8.—After a strenuous two days' convention, the Democrats of Idaho placed in nomination their ticket and adopted a platform in which anti-Mormonism is the key-note. Senator Dubois' speech of acceptance was a denunciation of Mormonism and a defense of his own record in congress.

"I prophesy that within three years no man in Idaho will have the temerity to stand on the public platform and defend the hierarchy of Salt Lake," he declared. He concluded with this reference to Bryan:

"Two years hence, when our peerless leader, William Jennings Bryan, is elected president, we shall have the opportunity to apply all Democratic principles for the welfare of our country."

The ticket nominated follows: United States Senator, Fred T. Dubois; member of congress, Rees Hattabaugh; justice of the supreme court, Stewart S. Dennig; governor, C. O. Stockslager; lieutenant governor, George C. Chapin; secretary of state, Flournoy Galloway.

The anti-Mormon plank of the platform pledges the Democratic party to secure the enactment of legislation necessary to make operative the test oath, provided by the constitution of Idaho, which in effect would disfranchise all faithful Mormons.

Bryan is endorsed for the presidential nomination. One plank deplores the death of former Governor Steunenberg and demands that his assassins be punished.

Tammany, Too.

New York, Aug. 8.—To endorse William J. Bryan for the Democratic presidential nomination in 1908, Charles F. Murphy will issue a call for a special meeting of the Tammany general committee, to be held next week. Announcement of this intention on the part of the Tammany leader, convinced Democrats that Mr. Murphy, contrary to a belief which existed in some quarters, is heart and soul in the Bryan movement. His intimate friends expressed no surprise because they have known all along that he favors the nomination of Mr. Bryan in preference to all others.

Mrs. K. P. Hall Buys the Southern Hotel Property for Twelve Thousand Dollars.

MAYFIELD NOTES OF INTEREST.

Mayfield, Aug. 8.—Mr. Riley Allen has so far made up \$509.17 to buy a little home for Miss Ethel McClain. There were 774 contributors to the above sum ranging from 5 cents to \$25.

There will be other contributions to come in hereafter that will probably swell the sum to \$600, all of which Mr. Allen will expend in buying her a home.

Hotel Changes Hands.

Mayfield, Aug. 8.—The Southern hotel has changed hands. Mrs. K. P. Hall, of Hotel Hall, has purchased both the building and fixtures for which she paid \$12,000.

Mr. G. W. Elgin, who has been conducting the hostelry for the past year will vacate September 1.

The Southern will undergo some extensive changes. A cafe will be installed and the house still be conducted but will be under the European plan strictly.

Mr. Charles Parham will manage it.

GOV. BECKHAM

INVITED TO PADUCAH FOR IMMIGRATION CONVENTION.

State Board of Agriculture and Secretary Vreeland Are Also Invited.

Secretary Coons, of the Commercial club, has invited Governor Beckham and Secretary of Agriculture Herbert Vreeland, and the entire state board of agriculture, to come to Paducah to attend the immigration convention the club has arranged for October the 4th and 5th.

Governor Beckham has always had a great regard for Paducah, as he has a number of warm supporters and admirers here, as was shown in the reception given him during the state encampment last year, and it is thought he will endeavor to make the visit.

The Horse Show meet will be on at that time, too, and the association is preparing an invitation to the governor, who is a great lover of the blue-bloods, to attend for two or three days.

Southern Industry.

There was an increase of wage-earners in the factories of the south in the years 1900-1905 or 139,501 or 19.3 per cent. against an increase of 16 per cent in the whole union. The number of factory hands in 1905 was 863,125, the increase being most notable in Virginia, West Virginia, North Carolina, Tennessee, Mississippi and Louisiana. Visitors who spend their vacation in Virginia during the present summer observe a notable multiplication of new industries and widely diffused prosperity. The same phenomena are seen it appears, all over the south at present.—Baltimore Sun.

Mr. J. K. Hendrick went to Mayfield yesterday on business.

FINE HORSE

PURCHASED FOR FIRE DEPARTMENT BY COMMISSIONERS.

The Fire Engine to Be Put Into Commission at Once by Board.

After several weeks of inspection, during which at least 200 head of horses of all sizes and classes were looked over, the board of fire and police commissioners has bought the second horse to be used in the department, but it will not be used to the fire engine, the purpose for which the two horses was ordered. Instead Chief Wood will place the new horse at No. 1 station and will send "Dan" to the fire engine at No. 2 station.

The horse was bought yesterday from Mr. William Poat, of the county, for \$165 and is a fine specimen of horse flesh. He will be used on the right hand of the chemical truck at the No. 1 station.

This completes arrangements for putting the fire engine into commission, and it will be done at once.

MARINES MUTINY.

A Serious Disturbance at Philadelphia Last Night.

Philadelphia, August 8.—A mutiny among marines at League Island was quelled today only after a fierce hand to hand struggle in which two enlisted men were badly injured. It resulted in the arrest of five marines and ten sailors, and the former were put in double irons on the receiving ship Lancaster. The mutiny occurred late Monday night, and was directly due to a spree which several men had in Gloucester. The men sold their uniforms and bought beer with the money and smuggled the liquor into camp. After getting drunk the proceeded to jump camp, and when halted at the gates mutinied. One of the ring-leaders had his throat cut.

Signora P.—I had a dozen proposals before yours. All from smarter men than you, too!

Signor P.—They must have been. How did they manage to crawl out of it?—La Caricatura.

Mr. W. B. Milne, of Smithland, was in the city today.

DAY IN WOODS

ANNUAL OUTING FOR CHILDREN OF CITY PLANNED.

Mr. and Mrs. Chiles Ask for Aid in Giving Annual Picnic for Little Fellows.

The Rev. R. W. Chiles, of the Rescue Mission, and his wife, are making arrangements for the annual outing and picnic they give the poor children of the city every year, and through the press are asking the assistance of the charitable people of Paducah.

The first outing of this nature was given by them last year out on the Cairo road. There were about a hundred little poor children in the party and they had a big romp and play in the woods. The conveyances and the lunch were provided by Mr. and Mrs. Chiles, with the assistance of some of their contributors, and the day was made a memorable one for all who attended.

"We expect to have at least 150 children this year," Mrs. Chiles said today. "The people who remembered last year's outing have been inquiring about it for some time, and we shall have a number of sick and afflicted children to take care of."

"We shall appreciate it if any one who can send us down a lunch for the occasion, or tender us a vehicle for use on it. We shall advise the date set for the outing through the papers in a few days."

Detective T. J. Moore, suffering from the results of an operation for appendicitis, is reported better at Riverside hospital.

FIFTY DOLLARS

NOAH STEWART PAYS LIBERALLY FOR HIS MISCONDUCT.

The Day's Grind in All of the Local Courts a Busy One.

Fred Zimmerman, charged with taking \$50 in cash from C. W. Nelson, white two days ago, was held over in police court this morning for robbery and committed to jail in default of bond.

Noah Stewart, colored, was presented on two counts, one for a breach of the peace, and a second for peace warrant. He was fined \$50 and costs in the breach of the peace case, and appealed it. In the latter case he was recognized in the sum of \$100 for his good behavior towards Ida Hamilton, colored.

Other cases: Arthur Breedlow and Sherman Guthrie, colored, disorderly conduct, dismissed on condition they go to work; Drew Starrett, Bob Jenkins, breach of the peace, \$25 and costs against former, \$10 and costs against the latter; George Bernhard, breach of ordinance, \$5 and costs.

"I can read you like a book, Lord Debusted," said the naughty father, a wealthy publisher, who had listened to the proposal for the hand of the fair daughter.

"Like a book, sir? Explain yourself." "You've got an attractive title, but I don't like the way you seem to be bound. Your type is bad, and your development is poor. Your principal character is not well defined, and the best place for you would be on the shelf—and a back one at that."—The Bits.

To many a mingled sound at once, The awakened wharf-boat gave response.

The deep-mouthed blood-hound's heavy bay.

Resounded up the decky way; Like the clarion's heavy blast.

The rouser's cry of pain came past.

This parody on a passage from Scott's "Lady of the Lake," will introduce the reader to the situation at the wharf-boat this morning. A crate of hounds was being shipped somewhere and the hounds gave continual vent to their feelings. One rouser had another one in his arms, while a third rouser was engaged in combing the captive one's kinky locks with a fine comb. The process appeared to be serious to the receiver of these delicate attentions and his groans of pain added another element to the mingled chorus which emanated from the Dick Fowler. The indifferent mate soon ended this drama of rouser-a-bout life by orders to "shift the gang-plank."

With the exception of the tow-boats, the arrival and departure of boats today was in accordance with the schedules. Most of the packets however had crippled crews.

The Buttorff arrived shortly after 8 o'clock this morning from Clarksburg and left at noon for Nashville.

The Clyde will leave this evening at 6 o'clock for the round trip to the Tennessee river.

Freight was not received at the wharf-boat this morning after 12 o'clock to give the freight handlers a half-holiday.

The United States steamer Look-out arrived at 8 o'clock this morning from the Tennessee river after stores. It left immediately for the same river for shoals number 6.

The Savannah will arrive out of the Tennessee river tonight on the return trip to St. Louis.

The Joe Fowler was the regular Evansville packet today and brought a large crowd here for the emancipation celebration. The John Hopkins will carry the crowd back tomorrow. The City of Saltville will leave St. Louis tonight for the round trip to the Tennessee river arriving here Friday morning.

The Dick Fowler got away on time for Cairo this morning with more hands than was expected.

Thursday morning was the time set to let the Natchez off the ways, but the rain yesterday and the holiday for the negro hands today probably will delay it until Saturday morning. There will be few repairs to be made after it gets into the water and the boat will have to hurry south to avoid low water. When the Natchez reaches the south practically a new boat will arrive. The whole boat is being painted, new smoke-stacks have been added, and the hull completely was rebuilt.

The gauge registered a stage of 9.3 this morning, a fall of 0.1 in the last 24 hours. Weather partly cloudy and business at the wharf was dull. Rain-fall in the last 24 hours was .64 inches.

The chronic booster is a target for many an unlicked kick.
